## SUMMARY

Frontend Developer with a passion for creating intuitive and high-performing web applications. Creating responsive, efficient, user friendly websites is my number one goal.

"Whenever I code, I just lose the sense of time".

## EDUCATION

**Bachelor's degree, Engineering.**                    2015 - 05/2019
Electronics and communications Engineering        Zagazig university, Egypt

## EXPERIENCE

**Junior Frontend Developer**                          2019 - 2024
Freelancer                                              Cairo, Egypt

Created multiple responsive websites that are user friendly, efficient and maintainable.

## PROJECTS

### Magic-Mona

This is my live 3D portfolio website, that includes all of my skills, experience along with all of my projects.

GitHub: https://github.com/mona9855/My-Portfolio_Magic-Mona
🔗 https://my-portfolio-magic-mona.vercel.app/

### GPT3-Assistant

This project was done by converting a Figma design into a live amazing website. It's about understanding and learning the power of GPT3 OpenAI.

GitHub: https://github.com/mona9855/GPT3-Assistant
🔗 gpt3-assistant.vercel.app

### Hey-Shirts

MY first 3D website, that allows you to design your own shirt!, by choosing your preferred color, you can even choose any photo that you prefer, and then you can print it as a logo, or full printed on the shirt.

GitHub: https://github.com/mona9855/Hey-Shirts
🔗 hey-shirts.vercel.app

### Fit-Club

This website is for a Gym project, that shows all of its advantages and why to choose them.
